| <b>COMMON INTERTIDAL INVERTEBRATES</b>          |     |     |     |     |     |     |     |
| <b>PHYLUM MOLLUSCA</b>                          |     |     |     |     |     |     |     |
| <b>Class Gastropoda</b>                         |     |     |     |     |     |     |     |
| Astrea gibberosa (red turban)                   |     |     |     |     |     |     |     |
| Calliostoma canaliculatum (channelled topsnail) |     |     |     |     |     |     |     |
| Calliostoma ligatum (blue topsnail)             |     |     |     |     |     |     |     |
| Chlorostoma funebris (black turban)             |     |     |     |     |     |     |     |
| Lirabuccinum dirum (dire whelk)                 |     |     |     |     |     |     |     |
| Nucella lammellosa (frilled dogwinkle)          |     |     |     |     |     |     |     |
| Nucella osterina (striped dogwinkle)            |     |     |     |     |     |     |     |
| Littorina sp. (periwinkle)                      |     |     |     |     |     |     |     |
| Lottia digitalis (finger limpet)                |     |     |     |     |     |     |     |
| Lottia pelta (shelf limpet)                     |     |     |     |     |     |     |     |
| Tectura persona (mask limpet)                   |     |     |     |     |     |     |     |
| Tectura scutum (plate limpet)                   |     |     |     |     |     |     |     |
| Juvenile limpet (<5mm)                          |     |     |     |     |     |     |     |
| <b>Class Polyplacophora</b>                     |     |     |     |     |     |     |     |
| Cryptochiton stelleri (gumboot)                 |     |     |     |     |     |     |     |
| Katharina tunicata (black leather)              |     |     |     |     |     |     |     |
| Mopalia muscosa (mossy)                         |     |     |     |     |     |     |     |
| Tonicella lineata (lined chiton)                |     |     |     |     |     |     |     |
| <b>Class Bivalvia</b>                           |     |     |     |     |     |     |     |
| Pododesmus machrochisma (jingle shell)          |     |     |     |     |     |     |     |
| <b>PHYLUM ARTHROPODA</b>                        |     |     |     |     |     |     |     |
| <b>Class Malacostraca</b>                       |     |     |     |     |     |     |     |
| Cancer oregonensis (pygmy rock crab)            |     |     |     |     |     |     |     |
| Cancer productus (red rock crab)                |     |     |     |     |     |     |     |
| Hemigrapsus oregonensis (green shore crab)      |     |     |     |     |     |     |     |

|                                                      |   |   |   |   |   |   |   |
|------------------------------------------------------|---|---|---|---|---|---|---|
| Hemigrapsus nudus (purple shore crab)                |   |   |   |   |   |   |   |
| Lopopanopeus bellus (black-clawed crab)              |   |   |   |   |   |   |   |
| Pagurus spp. (hermit crab)                           |   |   |   |   |   |   |   |
| Petrolisthes eromerius (blue-mouth porcelain crab)   |   |   |   |   |   |   |   |
| Petrolisthes cinctipes (red-mouth porcelain crab)    |   |   |   |   |   |   |   |
| Idotea wosnesenskii (kelp isopod)                    |   |   |   |   |   |   |   |
| <b>PHYLUM ECHINODERMATA</b>                          |   |   |   |   |   |   |   |
| Asterina miniata (bat star)                          |   |   |   |   |   |   |   |
| Dermasterias imbricata (leather star)                |   |   |   |   |   |   |   |
| Henricia leviuscula (blood star)                     |   |   |   |   |   |   |   |
| Pisaster ochraceous (ochre/purple star)              |   |   |   |   |   |   |   |
| Pycnopodia helianthoides (sunflower star)            |   |   |   |   |   |   |   |
| Stronglyocentrotus purpuratus (purple urchin)        |   |   |   |   |   |   |   |
| <b>PHYLUM ANNELIDA</b>                               |   |   |   |   |   |   |   |
| Nereis spp.                                          |   |   |   |   |   |   |   |
| Serpula vermicularis (calcareous tube worm)          |   |   |   |   |   |   |   |
| Spirorbis spp.                                       |   |   |   |   |   |   |   |
| <b>SubPh. Urochordata/Class Ascidiacea</b>           |   |   |   |   |   |   |   |
| Cnemidocarpa finmarkiensis (shiny orange sea squirt) |   |   |   |   |   |   |   |
| Encrusting colonial ascidians                        |   |   |   |   |   |   |   |
| Pycnoclavella stanleyi (yellow social)               |   |   |   |   |   |   |   |
|                                                      |   |   |   |   |   |   |   |
| <b>PHYLUM PORIFERA</b>                               |   |   |   |   |   |   |   |
| Haliclona spp. (purple encrusting)                   | % | % | % | % | % | % | % |
| Halichondria spp. (bread crumb)                      | % | % | % | % | % | % | % |
| Phlitaspongia pennata (red sponge)                   | % | % | % | % | % | % | % |
| <b>PHYLUM CNIDARIA</b>                               |   |   |   |   |   |   |   |
| Anthopleura elegantissima (aggregating)              | % | % | % | % | % | % | % |
| Anthopleura xanthogrammica (giant green)             |   |   |   |   |   |   |   |
| <b>PHYLUM ARTHROPODA - Class Maxillopoda</b>         |   |   |   |   |   |   |   |
| Balanus crenatus (crenate barnacle)                  | % | % | % | % | % | % | % |
| Balanus glandula (acorn barnacle)                    | % | % | % | % | % | % | % |
| Chthamalus dalli (small acorn barnacle)              | % | % | % | % | % | % | % |
| Pollicipes polymerus (gooseneck barnacle)            | % | % | % | % | % | % | % |
| Semibalanus cariosus (thatched barnacle)             | % | % | % | % | % | % | % |
| <b>PHYLUM BRYOZOA</b>                                |   |   |   |   |   |   |   |
| Membranipora membraneacea (kelp lace)                | % | % | % | % | % | % | % |
| Schizoporella unicornis (red/orange encrusting)      | % | % | % | % | % | % | % |

|                                                |   |   |   |   |   |   |   |
|------------------------------------------------|---|---|---|---|---|---|---|
| <b><i>PHYLUM MOLLUSCA - Class Bivalvia</i></b> |   |   |   |   |   |   |   |
| Mytilus sp. (small mussels)                    | % | % | % | % | % | % | % |
| Mytilus californianus                          | % | % | % | % | % | % | % |
| <b>UNIDENTIFIED SPECIES (label the bag)</b>    |   |   |   |   |   |   |   |
| 1.                                             |   |   |   |   |   |   |   |
| 2.                                             |   |   |   |   |   |   |   |
| 3.                                             |   |   |   |   |   |   |   |
| 4.                                             |   |   |   |   |   |   |   |
| 5.                                             |   |   |   |   |   |   |   |
